6 September 2023

Dear Parents and Carers,

You may have seen recent media coverage regarding Reinforced Autoclaved Aerated Concrete (RAAC) and its use in educational settings. RAAC is a lightweight form of concrete; because it is weaker than regular concrete, concerns have been raised about its long-term durability. Department for Education (DfE) has recently changed its guidance to education settings on the management of RAAC to take a more precautionary approach and close affected spaces.

I wanted to inform you that we are not affected by this decision as following a full inspection completed by Wokingham Borough Council, it was confirmed that we do not have RAAC in any of our buildings.

I hope that this offers reassurance.

Yours sincerely

Ms R. Razeghi
