

Mathematics

Before half term, we will continue to learn about shape, geometry and statistics. Once we have covered the Year 6 curriculum, in addition to revision of key facts, we also delve deeper into mathematical concepts and investigations, including: binary numbers, the Fibonacci sequence and the work of famous mathematicians,

English

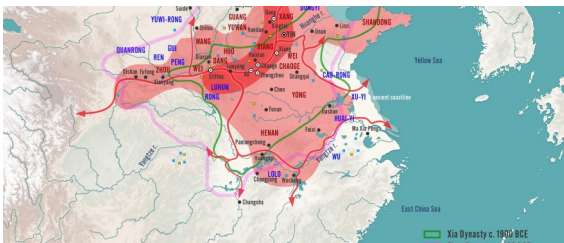

In our Master Reader lessons, we will be reading Eren and Street Child.

Our writing lessons will cover a wide range of genres including: non-chronological reports, balanced arguments, writing from different perspectives, conveying differing opinions and monologues.

We will continue to read for pleasure on a daily basis and continue to practise our weekly spelling rules.

History

We will be exploring the ancient civilisations of The Indus Valley and The Shang Dynasty. This will include their lifestyle, culture and beliefs. We will discover how we, as historians, can find out about this period of history through looking at a variety of historical evidence, including primary and secondary sources.

Year 6

Ancient Civilisations

Summer 2026

Religious Education:

This term, we will be learning about Islam and its beliefs, meanings and values. We will think about what it is like to be a Muslim in Britain today.

Art / Design and Technology

In Art, we will be developing our modelling skills by creating a detailed dragon eye. We will also explore our identify through a self portrait. In DT, we will be learning about foods from around the world and will prepare a Mexcan feast!

French

As linguists, we will be doing the topic of "Moi et Toi", including describing our pets and siblings. We will also be learning language needed to run our French café later in the summer.

Year 6 Production

Our production will cover many curricular areas including speaking and listening, drama, art and design, music and PSHE.

Computing

This term, we will learn more about e-safety, including our online relationships and self-image. We will be continuing to follow the Purple Mash Scheme to cover Text Adventures (making a story-based adventure game) and Quizzing (creating different quizzes). We will also explore and extend our coding skills using micro-bits.

PSHE

This term, we will be following the Jigsaw scheme of work with a focus on Relationships and Changing Me, which will also link to our science learning.

Science

As scientists, we will be learning about:
Humans and other animals.
Human reproduction and relationships

PE

We will enjoy our outdoor spaces when playing tennis and cricket. Our skills will be developed through O.A.A. (outdoor adventurous activities) and athletics

Transition to Year 7

Towards the end of Year 6, we will have a variety of transition sessions, including visits from our main secondary schools.
